MOOD: 😊 whiplash

MUSIC: ZZ Top - I Thank You

Huh.

All that fuss, and not only was it easy, it wasn't even one of ours. File this one under better safe than sorry, I guess. And sometimes-you-catch-a-break.

Sometimes I think I work for a Confucian bureaucracy. The Away Team is beaming up, and it looks like I'm going to Texas after all. (Pity they aren't all the way back yet, or I could commandeer the Very Expensive Waste of Taxpayer Dollars and make up some lost time. Though then I would not get as much sleep on the plane.)

Looks like the Harpy might get to recoup something of her hot tub time after all. If she comes in Tuesday looking like a prune, we'll all know what happened.

Glad I never had time to unpack.

Elvis doesn't live here anymore.

Hey there. Sorry about the drama. It was... it was an emotional decision, and I didn't

So you get your vacation after all? Huzzah!

Will you get there in time for the music you wanted to see?

In time for some of it, anyway!

Congratulations!

Have a great time in Texas and bring back music for us to devour, okay?

(Since, of course, we can't devour your food over the Internet. Poor substitutes, indeed.)

I shall bring you many fine things!

SQUEEEEE! I get to buy you dinner after all! Just be careful on the road. It's a little early for the real drunks to be out, but there will be metric tons of speed traps...

Have fun storming the castle! Bring back a Birkenstock girl lot of cool tunes!

He can't bring back a Birkenstock girl. Where would we put her?

On the fire escape with his other girlfriend?

Heeee.

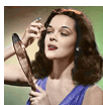

Besides, you know, *they* collect *him*, not the other way around.

I am willing to sacrifice myself to the Cause, you know. Just to make sure Angry Kitten doesn't eat the tomato plants.

That could work. There is the Annoying Big Sisters Approval Process, but I'm sure you're not afraid of *us*.

Because my motives are pure,* I can face you unafraid. (I'm an Annoying Big Sister myself, with a side of Fearsome Aunt.)

*Well, mostly. Your little brother is a *dish*.

I know a fellow who (after a really bad breakup where he was not nearly as excellent an ex-boyfriend as a Certain Person) was approached by a group of female friends.

"That's it," they told him, "From now on you are not allowed to date someone unless you have the approval of the Committee."

Have fun and stay safe!

(I doubt you'll forget to eat :) but I know that it can be easy to forget things like sun screen and proper hydration.)

We'll expect you back Tuesday with a full report young man.

Hour by hour, in fact. Because a person can get into a lot of mischief in a whole hour. And we'll notice if he leaves something out.

Ah, I love it when he's in transit. We can say anything we want, and by the time he sees it he can't get rid of us. *g*

Ooops. Hi, there!

Memorial Day weekend. They had a waiting list, the bums. So I'm making pancakes tomorrow morning. Which reminded me that I promised to post an account of Making Pancakes a la Platypus, then forgot to because we went out of town. I'll address that shortfall. *g*

Unca Duke probably went straight from the plane to wherever he cuddles that hawg of his, and is now vroom-vrooming westward.

You realize that as soon as we've scattered and settled in, Something will happen, and we'll get called back? We're so damned flexible and good-natured.

I really hope not! Heroing is hard work. You guys deserve some down time.

Indeed. Women *know* these things.
